

School Building Administrators other than the Building Principal

The Board of Education establishes building administrative and supervisory positions in accordance with the District's needs and State law and regulations. The general duties and authority of each administrative or supervisory position are approved by the Board, upon the Superintendent's recommendation, and contained in the respective position's job description. The Board has established the following building administrative positions: Associate Principal, Assistant Principal, Director of Athletics, Director of Student Activities, and Director of Building and Grounds. The specific administrative staffing at each building is contingent on the needs of each building.
