

Enrollment of Transfer Students

All transfer students serving terms of suspension or expulsion from any public or private out-of-state or Illinois school may be required to serve the entire duration of the suspension or expulsion and meet all applicable residency requirements before being enrolled in Community High School District 99.

Where the duration of the transferring student's suspension or expulsion is not indicated, the Superintendent will recommend, and the Board of Education will determine, the duration of the suspension or expulsion. Expulsions of indefinite duration shall not exceed two years from the date of the expulsion.

Parents may request a review of their child's expulsion from a transferring school only where:

- (a) the prior expulsion was issued by a private school, and
- (b) the prior expulsion was for reasons other than the student's misconduct or disciplinary record.

The request for such a review must be made to the Superintendent who may recommend to the Board of Education that the student be enrolled before the expiration of the expulsion.

Where an appropriate program is available, the Board of Education, in its discretion after considering the recommendation of the Superintendent, may place the transfer student in an alternative program for the duration of the student's suspension or expulsion.
