

## Curt Stager

Ecologist, Paleoclimatologist, and Science Journalist

Dr. Stager got his Ph.D. in biology and geology from Duke University (1985). He has published over three dozen peer-reviewed articles in major journals including *Science* and *Proceedings of the National Academy of Sciences*, and has written extensively for general audiences in periodicals such as *National Geographic*, *New York Times*, *Fast Company*, and *Adirondack Life*. Since 1990, he has also co-hosted [\*Natural Selections\*](#), a weekly science program on North Country Public Radio that is syndicated internationally, and has toured widely to offer presentations on his research to audiences ranging, as one colleague put it, "from middle-schoolers to formal scholars." In 2013, he was named the [New York State Professor of the Year](#) by the Carnegie Foundation.
