

**Eugenie Scott**

**Anthropologist and Professor**

Dr. Scott is an American physical anthropologist, a former university professor and educator who has been active in opposing the teaching of young earth creationism and intelligent design in schools.

From 1986 to 2014, Scott served as the Executive Director of the National Center for Science Education, Inc., a nonprofit science education organization supporting teaching of evolutionary science. She holds a Ph.D. in biological anthropology from the University of Missouri. A biologist, her research has been in human medical anthropology and skeletal biology. Scott serves on the National Advisory Council of Americans United for Separation of Church and State.
