

**Noam Chomsky**

**Cognitive scientist**

Dr. Chomsky is American linguist, philosopher, cognitive scientist, historian, social critic, and political activist. Sometimes described as "the father of modern linguistics," Chomsky is also a major figure in analytic philosophy and one of the founders of the field of cognitive science. He is the author of over 100 books on topics such as linguistics, war, politics, and mass media. Ideologically. He holds a joint appointment as Institute Professor Emeritus at the Massachusetts Institute of Technology (MIT) and laureate professor at the University of Arizona.
