

Alpha Teams

The Counseling and Student Support Services department at Downers Grove South is made up of many different people. Specifically, there are:

- 11 School Counselors
- 6 School Psychologist / Social Workers
- 4 Deans
- 1 School Nurse
- 1 Student Assistance Coordinator

DGS students are assigned to a team that includes a psychologist or social worker, their counselor and their dean based on their last name alphabetically...hence, the name "alpha team". The lists below will help to clarify which counselor, dean and psychologist / social worker is assigned to your student. These alpha teams meet weekly to discuss student progress and issues that arise with students assigned to the team. The school nurse and student assistance coordinator visits each alpha team during the designated meeting time to discuss issues specifically related to their position.
