Before District 99 was established, high school students attended Lincoln School alongside elementary school students. As the population of Downers Grove grew, District 99 was established as a separate site for high school students. The site of the Lincoln School is now the location of the Lincoln Community Center. #D99is100 #100yearsofD99 #99learns

Foreword

Although the Downers Grove High School has been in existence for five and forty years, it has remained for us, the Class of 1920, to have the honor and privilege of issuing its first Annual, which we have christened the "Cauldron."

Being our maiden effort, and with no previous issue for a guide or standard, we beg that all who read may overlook its shortcomings and accept it for what it is—a "Cauldron," in which have been gathered together a little record of the past, a few of our ideas and ideals, a bit of wit, a bit of wisdom, happy memories, with youth's bright vision of the future.

All these, and more, have been brewed over the fires of friendship and stirred by hands strong and true. If we have in some small measure helped perpetuate the memory of the Downers Grove High School, we shall feel that this, the first issue of the "Cauldron," has not been wrought in vain.
