Downers Grove South High School Junior,

The SAT has become a rite of passage for juniors. In fact, because of the pivotal role this test plays in college admissions, Illinois will be paying for every student in the Class of 2023 to take the SAT on April 13, 2022. To prepare its junior class, Downers Grove South High School has invited ExcelEdge to offer **SAT 1600**.

Give yourself the Edge. A leader in Midwest test preparation, ExcelEdge has meticulously analyzed this College Board SAT to ensure students receive a highly specialized program tailored to the test. You can count on experienced instructors who are certified content specialists to teach you point-producing offensive and defensive strategies to navigate difficult items. Our teaching team will show you exactly what to expect on this test. We will teach you how to eliminate choices, how to answer items quickly, and how to maximize your score. To see what our schools, our parents, and the graduates of our program have said, please visit our website: www.exceledgeinc.com.

Timing is everything. We have deliberately scheduled **SAT 1600** to wrap up just before the April 13th SAT exam. By spring, students will have mastered junior curriculum, which the exam targets. By completing the program in the weeks just before the SAT, students can master test content and strategy and put these skills to immediate use.
